Re: Requesting Referral of Final Draft Regulation to Committee

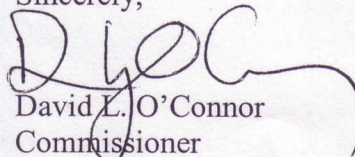

Dear Mr. James:

The Division of Energy Resources has completed the public process in the promulgation of an amendment to 225 CMR 14.00. This regulation governs the Renewable Portfolio Standard, as mandated by G.L. c.25A, § 11F. The Division has complied with all applicable provisions of G.L. c.30A in this process.

Pursuant to the DOER's responsibilities under G.L. c.25A, § 12, I am pleased to submit our final amended draft regulation to you for referral to the appropriate review committee. It is my understanding that such proposed regulations are referred to the Joint Committee on State Administration and Regulatory Oversight and to the Joint Committee on Telecommunication, Utilities and Energy.

Thank you for your consideration of this matter.

Sincerely,

David L. O'Connor
Commissioner
